**Internationally Acclaimed Vedic Astrological  
Consultant, Healer, Author and Speaker**

**London - June 25-26, 2011**

Spend a weekend with world-renowned Vedic Astrological consultant, Drew Lawrence, learning his unique method of using the powerful tool of Vedic Astrology.

Drew Lawrence has been practicing Vedic Astrology for 34 years. He has clients around the world situated at the top of most major professions, businesses and walks of life.

Drew has forged his own unique approach to Vedic Astrology based on *kāla-deśa-pātra* — time, place and circumstance. His focus is in the realm of counseling, healing, therapy, psychological insight, personal transformation and karmic rectification.

Drew has helped shift the perspectives and lives of thousands of people through his penetrating insight and unique abilities. If you are interested in learning how to use astrology to help others create healing, revelation and transformation and in their lives, learn their true purpose, and resolve karmic challenges (some going back several lifetimes), then this will be of value to you. If you are only interested in using Vedic Astrology for predictions and fortune-telling, then this will be of little relevance to you.

Drew's method is not found in any book of classical Vedic astrology though it is based on Parashara's principles. Drew's focus has always been practicality — what works. If your clients don't leave their session knowing how to use the information you have given them to transform their lives, then it was merely an exercise in theory and academics. Drew brings it down to earth in a pragmatic and practical manner.

For the past 26 years, Drew has also developed his own unique method of Guided Healing Meditation which can dramatically undo old, negative karmic patterns which can be identified in the birth chart. He will touch on this also in the seminar.

If you are interested in this distinctive approach to Vedic Astrology, then we would love to have you as a participant in our seminar.

You did an AMAZING birth chart reading for me in January of last year that totally transformed my life....I can't thank you enough for the impact you had on my life. I often listen to your reading when I need a positive reminder. Thank you!

I just finished listening to my recording from our last session together, three years ago. First of all, I want to thank you again for this amazing gift. I have listened to it a few times, usually sparingly, as I save it as a resource for when I feel I need it the most. But each time it adds new insight and I hear things I had not heard before. It is truly awe-inspiring.

I have certainly been very affected by the truth and intuition that I had the chance to see so completely gathered together about myself and my potential in your consultation. I am enjoying the understanding this has brought and the further impetus to continue to develop
